CALL FOR ENTRIES

2007 - 2008 PRIMETIME EMMY AWARD FOR OUTSTANDING ACHIEVEMENT

IN ENGINEERING DEVELOPMENT

THE AWARDS:

The Emmy Award to an individual, a company, or an organization for developments in engineering that are either so extensive an improvement on existing methods or so innovative in nature that they materially affect the transmission, recording or reception of television. Emmy(s) to winner(s). Possibility of one, more than one or no award.

The Emmy Plaque for those achievements that exhibit a high level of engineering and are important to the progress of the industry. The Plaque is not meant to be a consolation prize, but a positive recognition of engineering achievements that are on a different level of technology and industry importance than the Emmy. Plaque(s) to winner(s). Possibility of one, more than one or no award.

ENTRY PROCEDURE:

Complete and return the attached form by April 21, 2008. If you have additional print or A/V materials describing the submitted item, please include them with the form. The committee welcomes information about the history, technical aspects, and industry use of the entry. After reviewing the form and any ancillary materials, the committee may request more specific information.

CONTEST PROCEDURE:

A Blue Ribbon Panel of highly qualified engineers in television will consider engineering developments and determine which, if any, merit an Emmy or a plaque.
